Shaun,

It will be tough to get Doug there for tomorrow, we will plan to get him to the Friday meeting. That will include the people more directly involved and where Doug's involvement will probably be the most helpful.

Thanks!
Gary

This was a meeting specifically requested by the Commission to help inform them of this process. Doug Ammon from OSWER HQ would do this one for us. (I plan to attend and participate as well.)

This meeting we will be with the San Juan County Commission, La Plata County Commission, and Southern Ute Tribe. This will be a broader conversation to consider the various options for long-term remediation, including funding mechanisms. Both Mathy Stanislaus and Doug Ammon will be there for EPA as well as myself and Chris Ruhl and Nancy Grantham from Unified Area Command.

He is presently in Chicago at the Brownfields conference, so will need to arrange some travel logistics quickly. Any information you have on specific meeting locations and times would be very helpful.
